Information about Interest-Based Advertisements

These advertisements may be targeted to users who fit certain general profile categories or display certain preferences or behaviors (“Interest-Based Ads”).

Information for Interest-Based Ads (including personal data) may be provided to us by you, or derived from the usage patterns of particular users on the Services and/or services of third parties. To accomplish this, we or our service providers may deliver cookies, including a file (known as a "pixel") from an ad network to you through the Services. Pixels allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Pixels also enable ad networks to serve targeted advertisements to you when you visit other websites. Pixels allow ad networks to view, edit or set their own cookies on your browser, just as if you had requested a web page from their site.

Legal Obligations

We may access, preserve, and disclose any information we store associated with you to external parties if we, in good faith, believe doing so is required or appropriate to: comply with law enforcement or national security requests and legal process, such as a court order or subpoena; protect your, our, or others' rights, property, or safety; enforce our policies or contracts; collect amounts owed to us; or assist with an investigation or prosecution of suspected or actual illegal activity.

Business Transfers

Personal data may be transferred to a third party if we undergo a merger, acquisition, bankruptcy or other transaction in which that third party assumes control of our business (in whole or in part). Should one of these events occur, we will make reasonable efforts to notify you before your information becomes subject to different privacy and security policies and practices.

Non-Personal Data

We may create aggregated, de-identified or anonymized data from the personal data we collect by removing information that makes the data personally identifiable to a particular user and as described in the Terms of Service. We may use such aggregated, de-identified or anonymized data or provide it to third parties for our lawful business purposes, including to analyze, build and improve the Services and promote our business and for such other reasons identified in the Terms of Service, provided that we will not disclose such data in a manner that could identify you.

Your Choices and Rights

In accordance with applicable law, you may have the right to:

Access. You may request more information about the personal data we hold about you and request a copy of such personal data.

Portability. You may ask for a copy of your personal data in a machine-readable format. You may also request that we transmit the data to another controller where technically feasible.

We also comply with the Digital Advertising Alliance (“DAA”) Self-Regulatory Principles for Online Behavioral Advertising. Through the DAA and Network Advertising Initiative (“NAI”), several media and marketing associations have developed an industry self-regulatory program to give consumers a better understanding of, and greater control over, ads that are customized based on a consumer’s online behavior across different websites and properties.

To make choices about Interest-Based Ads from participating third parties, including to opt out of receiving behaviorally targeted advertisements from participating organizations, please visit the DAA’s or NAI’s consumer opt-out pages, which are located at <https://www.networkadvertising.org/choices/> or www.aboutads.info/choices. Although we work to protect the security of your account and

other data that we hold in our records, please be aware that no method of transmitting data over the internet or storing data is completely secure.

Data Retention

We retain personal data for as long as necessary to provide you with our Services or to perform our business or commercial purposes for collecting personal data, subject to the data deletion rights of various state privacy laws, detailed below.

When establishing a retention period for specific categories of data, we consider who we collected the data from, our need for the personal data, why we collected the personal data, and the sensitivity of the personal data. In some cases we retain personal data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation. We may further retain information in an anonymous or aggregated form where that information is no longer personal data.

For example:

- We may retain your payment data for as long as we need to process your purchase or subscription or as long as required for our compliance with applicable laws and regulations.
- We may retain sensitive personal information (such as your SSN or identification verification information) for as long as we need to provide you with the Services or as long as required for our compliance with applicable laws and regulations.
